**Sermon Series: Reviving
Tired Faith –
“Drifting Away”
(Hebrews 1:1-2:3)**

Three Ways People Lose their Faith:

1. They decide all of this is a HOAX
2. They desire to walk another pathway—SELF in charge.
3. They simply “drift away” from God and His Word.

Things to know about “Drifting”:

- 1. It requires no effort to drift away.**
- 2. You will always drift down stream or down wind (Eph 4:14-15).**
- 3. The longer that you drift—the more harder to find your way back (1 Timothy 4:1-2).**
- 4. Drifting is also dangerous to others (1 Timothy 4:12).**

How can I know if I am drifting?

- **Do you spend less time thinking about God and reading His Word?**
- **Are you slack about your church involvement and attendance?**
- **Are you concerned about those who are lost?**
- **Do you pray on a regular basis?**
- **Do you look forward to heaven?**

Where do I go from here?

- *It takes EFFORT (work) to be faithful and not drift away!*
- *God has NEVER turned away a willing heart.*
 - *Rev. 2:5*
 - *1 John 1:7*

Your faith can be REVIVED!
